

A comparison of tree inventories at USAG West Point

PI: Dr Patrick Baker, Phil Koury (USMA Arborist)

- The United States Military Academy has occupied the same location since 1802.
- Tree inventories were conducted in 1903, 1929, 1996
- The USMA arborist is leading an ongoing effort to update the inventory.
- Locate, identify, measure, and assess trees of West Point
- Make comparisons of diversity, growth across 120+ years
- Cadets on this project will:
 - Digitize historic maps
 - Analyze data to document changes in tree diversity, tree size
